Brief description:

The Municipal District of Aalborg is the third largest in Denmark with a population of over 190,000 and a total area of 1,144 km².

Presentation title: The Aalborg Commitments

Abstract:

This shared presentation will briefly present the 16-year history of the Aalborg documents, ranging from the Aalborg 1994 conference through the Aalborg+10 Conference in 2004 to the present Dunkerque conference, followed by a presentation of sustainable achievements in Aalborg and other signatory local governments. This presentation is based on a survey carried out among the 620 signatory local governments. The survey presents the significant results towards sustainable development that have been achieved.
